ADVOCATES & LEGAL CONSULTANCY

SOME OF OUR CLIENTS

ALINSAF ADVOCATES AND LEGAL CONSULTANTS

ALINSAf advocates and legal consultants the office has been established after a study of the legal system in the United Arab Emirates, and the reality of the case against business market trade, and cultural diversity and ethnic and religious for the categories of existing territory of the state of citizens and residents and visitors.

The preliminary study and adopted the division's and branches of the valid laws as criminal, personal matters, civil and commercial transactions, and law governing the dealing in real estate as sale purchase of substantive right. And equally did not escape the reality business and development in investment based on the update that emerged from the preliminary study. The surge of civilization and globalization and development of technology as new mechanism added to an impact in the application of the laws governing the transactions and behavior of individuals.

The advanced technologies have a privileged position the legal system as methods of proof, and methods of communication, concluding the contracts and managing bank accounts, and a tool for completion of transactions.

This helps the lawyers to go with the development of laws and their interpretations with an update, submission of applications for claims and follow-up, and to inspire the laws and provisions and follow their cases. In addition to the understanding of the nature of relationships and transaction in accordance with the form of talk and give characterization, and built the role assigned to lawyer from defense, and give characterization, and built the role assigned to lawyer from defense, and give advice, and debt collection and litigation, and advocacy based on the technological system, with all the groups concerned the legal system.

The consequence was the update and follow up based on cumulative information to the competent technical management of employment in the legal office

"ALINSAf ADVOCATES AND LEGAL CONSULTANTS". Therefore, the legal knowledge of lawyer and advocates and legal consultants. Legal researchers and auditors and administrators, and staff in the office became aware of the full provisions of law and rules and the practical application of the provisions in the law and according to the data and develop mechanisms, and continue to build a relationship with the concerned authorities is required in order to achieve the client to the fullest and was completed in time.

And from here was the start, the work of the office "ALINSAf ADVOCATES AND LEGAL CONSULTANTS". Thus developed to broaden the horizon's legal staff on the basis of advance technologies, and special relationship, then offered is legal services after became sure from the preparation which allow to win the trust of the client, and save all his rights, and represented to the fullest, whether the client, or legal person or legal entity with the right granted by the financial disclosure obligation and commitment.

ADVOCATES
